## EXECUTIVE SUMMARY

Minds of the younger generation have been opened up in the process of India's march into the liberalized era. Success stories of Indian IT, biotech and other high-tech companies and the exceptional performance of Indian entrepreneurs have begun to fire the imagination of younger minds and motivated the youth towards entrepreneurship and start-up venturing.

Today innovation is a key behind technological development. Campuses are the right places to breed innovation. The scope given in present university system of technical education is not focused on innovation and entrepreneurship. It was felt that creating awareness amongst the students about **“Entrepreneurship as a career option”** was essential. Keeping this in view we have started **CED in March 2006**.

The Cell aims at creating an entrepreneurial ecosystem in the campus. It aims to develop and support new and future entrepreneurs thereby striving towards building the capacity of a technology entrepreneur, assessing demand opportunity, developing a marketable product, patenting and licensing, building the right team, raising money and creating value for customer and ventures. The college aims to set up an incubation center that gives a forum for students to translate an idea into a fundable technology business. The cell also has an objective of equipping the faculty who are interested in and passionate about implementing programs by providing various trainings.

Since its inception, CED has been conducting training programs on various aspect of entrepreneurship. Every **Thursday** evening programme is conducted as per schedule prepared at the beginning of the semesters. These activities are also helpful in preparing and facing the placement requirements.

## Summary of Entrepreneurship Activity

Entrepreneurship Activity under induction programme organized by Basaveshwar Engineering College Bagalkot was conducted by **Dr. VINOD S PURANIK Professor, Department of IPE Chief Coordinator BEC-CED**. He explained what “entrepreneur and entrepreneurship” actually means. Students across all branches participated in the discussion with great interest. Further he discussed in detail about next gen entrepreneurship and how to generate an idea. He conducted class through slide presentation-cum-discussion. Also discussed on “Personality Development” and “Motivation and Proactive Behaviors for Achievers” with list of various national and international achievers. He showed List of activities already conducted by BEC-CED with glimpses of students photos participated previously. He also conducted an activity called “Know your Entrepreneurial competency”.

He informed the students about the facilities created at BEC-CED for entrepreneurship skills development of aspiring candidates. CED provides guidance and help to identify ideas, developing and implementation of plans for starting their own enterprise.

Participants of this entrepreneurship class showed lot of interest and gave positive feedback about the class and told that they will regularly attending the entrepreneurship training programme which will be conducted by BEC-CED.

## Schedule of Entrepreneurship Activity

<b>Time</b> <b>Date</b>	<b>2pm -3pm</b>	<b>3pm-4Pm</b>
