5. ACADEMIC CALENDAR

Basaveshwar Engineering College (Autonomous), Bagalkot has adopted the semester scheme to impart education in all its academic programmes, including BE, M. Tech, MCA, MBA, Certificate and Diploma programmes.

A typical breakdown of the academic year for the semester scheme is as follows:

- 5.1 Three semesters are offered every year: Two main semesters and one supplementary semester.
- 5.2 The main semesters are odd and even, typically each of 19 weeks duration which includes registration, coursework, examination, and announcement of results.

5.3 One Supplementary semester of 8 weeks duration is offered every year after the even semester, primarily to assist weak and/or failed students. Also, value addition/add-on courses are offered in this semester for the benefit of the students.

5.4 In the main semester there shall be various provisions for the students such as:

- Registration of the courses at the beginning of the semester.
- Counseling.
- Dropping of courses as per the date mentioned in the academic calendar.
- Withdrawal of courses towards the end of the semester as per the date mentioned in the academic calendar.

These provisions have to be judiciously used under the advice of faculty counselors

- Assessment and evaluation are conducted in each semester for each programme, under two components having equal weightage namely CIE and SEE. (More details in Assessment and Evaluation Section)
- Provision for makeup examinations is provided for students after each main semester.
- In Supplementary semester only those courses which the departments offer, can be registered. The courses to be offered are at the discretion of the department/ College.

The minimum and maximum credits a student can register in a semester are given in Table 5.1.

Table 5.1: Range of credits to be registered in a semester for M. Tech. Programme

Semester	Min (Credits)	Max (Credits)	Maximum Contact Hrs. per week
EVEN/ODD	16	28	40
SUPPLEMENTARY	-	Four (04) heads (including mandatory course) and total credits not exceeding sixteen (16)	40

- The scheme and syllabus of all the semesters in each programme is prescribed by the respective BoS of each department with the approval of AC and BoG.

6. CHOICE BASED CREDIT SYSTEM (CBCS)

The college follows Choice Based Credit System for teaching and evaluation of its academic programmes. Each programme is associated with a fixed number of credits. The programmes are defined by their credit requirements and duration, as given in Table 6.1.

Table 6.1: Total number of credits to be earned to qualify for degree/diploma/certificate.

Programme	Normal Duration in years (Semesters)	Total number of credits to be earned
M.Tech	2.0 (4)	80

The maximum period which a student can take to complete a fulltime academic programme shall be double the nominal duration of the programme. i.e., 4 years for M.Tech.

6.1 PG PROGRAMMES

The suggested distribution of total credits for the M. Tech programme is as shown in the Tables 6.2.

6.2 SUBJECT CONTENT DESCRIPTION

Subject content description consists of Subject Code, Title of the Subject, Credits and Description of the Content. An example is given below:

PCS502E: Advanced Digital Communication, 4 credits, (4-0-0) Communication through band-limited linear filter channels, optimum receiver for channels with Inter Symbol Interference (ISI) and white Gaussian Noise, optimum maximum-likelihood receiver, discrete time model for channel with ISI, Linear equalization: peak distortion criterion and Mean Square Error criterion.

6.3. CREDIT SYSTEM

The credit system enables continuous evaluation of a students' performance and allows the students to progress at an optimum pace suitable to individual ability and convenience, subjected to fulfilling minimum credit requirement- for continuation of programme on semester or session basis.

6.4 CREDIT DEFINITION

Every course has certain number of credits assigned based on the students' contact hours in a week.

- One Lecture hour per week is one credit.
- Two hours of Tutorial/Practical per week is one credit.

The following example illustrates the basis of credit assignment.

PEC221C: Quantitative Techniques for Management, 4 credits (3-2-0) (3 Hrs. Lectures + 2 Hrs. Tutorial+ 0 Hr. Practical) per Week.

A typical credit structure based on the above definition is given in Table 6.7.

Table 6.3: Credit Structure for Coursework

Lectures (hrs/week/Sem)	Tutorials (hrs/week/Sem)	Laboratory Work (hrs/week/Sem)	Credits (L: T: P) 10	Credits (Total)
4	0	0	4:0:0	4
3	0	0	3:0:0	3
2	2	0	2:1:0	3
2	0	2	2:0:1	3
2	2	2	2:1:1	4
0	0	6	0:0:3	3

6.5 GRADING SYSTEM

The grading system is implemented on a 10 points scale with letter grades S, A, B, C, D, E and F as given in Table 6.8. The Grade awarded to the students are basically a qualitative measure (an

alphabet) of the performance of a student, such as, Outstanding (S), Excellent (A), Very Good (B), Good (C) and the like. There are different approaches possible for awarding grades like absolute grading, relative grading etc., presently absolute grading is adopted in the evaluation system of BEC. This is usually arrived-at, after the assessment of student's performance in a course. The following method is used for awarding grades in a course. A letter grade, corresponding to specified number of grade points, is awarded in each course registered by a student. On obtaining a minimum pass grade, the student's performance is evaluated by the number of credits that he/she has earned and by the weighted grade point average.

Table 6.4: Range and Absolute Grading

Range of Marks (Out of 100)	Grade	Grade Points	Level
90 to 100	S	10	Outstanding
80 to 89	A	9	Excellent
70 to 79	B	8	Very Good
60 to 69	C	7	Good
55 to 59	D	6	Above Average
50 to 54	E	4	Average
0 to 49	F	0	Fail

6.6 AUDIT COURSES

In addition, a student can register for courses for audit only, with a view to supplement knowledge and/or skills. Here also, the student's grades are reflected in the Grade Card. But the grades are not taken into account in determining the student's academic performance in that semester (SGPA and CGPA). The total number of registered credits in that semester, including audit courses, must not exceed the given range of credits in the semester.

6.7 GRADE POINT AVERAGES

6.7.1 The Grade point averages SGPA and CGPA are computed using the credits index, credit points and grade points earned by the student.

6.7.2 The grade points awarded to the student is computed from Table 6.4 depending on the grade assigned to the students. The credit points earned by a student are equal to the number of credits assigned to the course multiplied by the grade points awarded to the student. The credit index of a student for a semester is the total of all the credit points earned by the student for all the courses registered in that semester.

Example: PEC223C (4-0-0) If a student earns a B Grade, the grade points earned in the course is 8 and Credit Points is $(8 \times 4 = 32)$

6.7.3 Semester Grade Points Average (SGPA) and the Cumulative Grade Point Average (CGPA), both are important performance indices of the students.

6.7.4 The SGPA reflects the credit index for a semester which is equal to the credit points earned in the semester divided by the number of credits registered by the student in

that semester.

- 6.7.5 The CGPA reflects the performance index of a student till the previous semesters which is equal to the total of credit indices of all the previous semesters divided by the number of credits earned in all the previous semesters.

Thus,

SGPA

$$= \frac{\sum[(\text{Course Credits}) \times (\text{Grade Points})] \left(\text{for all the Courses in that semester excluding transitional grades} \right)}{\sum[(\text{Course Credits})] \left(\text{for all the Courses in that semester excluding transitional grades} \right)}$$

CGPA

$$= \frac{\sum[(\text{Course Credits}) \times (\text{Grade Points})] \left(\text{for all the Courses excluding those with F and transitional grades until that semester} \right)}{\sum[(\text{Course Credits})] \left(\text{for all the Courses excluding those with F and transitional grades until that semester} \right)}$$

Sample of calculation of SGPA and CGPA are given in Tables 6.5 and 6.6.

(Credits registered after withdrawal – Sum of credits of courses with F Grade)

Credit index secured in this semester (total of column 6) = 106.5

$$SGPA = \frac{106.5}{16} = 6.66$$

$$CGPA = \frac{106.5}{13} = 8.19$$

Total credits earned = **13 + 17 = 30**

$$SGPA = \frac{128}{20} = 6.4$$

$$CGPA = \frac{234.5}{30} = 7.82$$

A student will be considered to have completed a course successfully and earned the

credits if he/she secures a letter grade other than I, W, X, or F in that course. Letter grade F in any course implies failure in that course.

The transitional Grades I, W and X, would be awarded in the following cases:

Grade I: It is awarded to a student having satisfactory attendance at classes and meeting the passing standard at CIE, but remained absent from SEE for a valid and convincing reasons acceptable to the college, like:

- Illness or accident, which disabled him/her from attending SEE
- A calamity in the family at the time of SEE, which required the student to be away from the college; any other verifiable exigency
- Grade W: It is awarded to a student having satisfactory attendance at classes but withdrawing from that course before the prescribed date in a semester under faculty advice. Further, a student can withdraw from a course once and only once, maintaining minimum credits requirements.
- Grade X: It is awarded to a student with high CIE rating ($\geq 90\%$) in a course, but SEE performance is observed to be poor, which results in overall F Grade in course.
- However, there is no scope for awarding transitional grades in the supplementary semester.
- The student may be allowed to cancel his registration in case of calamities in Supplementary Semester.
- The transitional grades are to be converted into one or the other of the valid letter grades (S to F) after a student completes all the academic requirements of the course.

The Grade Card (or transcript) of a student at the end of the semester will have a list of all the courses taken by a student, however, only those grades (S to F) are included in the computation of the student performance. Thus, the courses taken for audit will not form part of the computation. The results of the mandatory courses, which are of non-credit type, will also be reflected in the Grade Card as PP (for passed) or NP (not passed). It is necessary for each student to obtain the Grade PP in every mandatory course to qualify for the award of the degree by the university.

The Makeup examination facility will be available to students who have not attended SEE of one or more courses in a semester for valid reasons and have been awarded I Grade or X grade. The makeup examination will be held as per dates notified in the academic calendar. However, it would be possible to hold make up examination at any other time in the semester.

If a student fails in his/her final semester, a laboratory course and/or in CIE of a course, the student shall be given Z grade, for such course(s). In such a case, the concerned course teacher shall have the possibility to grant the student extra time not exceeding 12 weeks for completing the course, with approval from the HoD and Principal. If no extra time is sought/granted, the concerned student shall have to re-register for the course(s) in a succeeding semester and take measures to fulfill the requirements for the award of the degree.

The I and X grades awarded to a student should be converted into an appropriate letter grades in the subsequent make up examination. Otherwise, the grade will be automatically converted into F grade.

The W grade awarded to a student would be eligible for conversion to the appropriate letter grade only if the concerned student re-registers for these courses in a main/supplementary semester and fulfills the passing standards for the CIE and SEE.

6.8 RESEARCH PROGRAMMES

For M. Sc. (Engineering by Research) and Ph.D. programmes, the VTU Belagavi regulations are to be followed for the course work.

7. REGISTRATION PROCESS

7.1 REGISTRATION

Registration is a very important procedural part of the academic system. Every student after consulting his/her faculty advisor in his/her department has to register for respective courses approved by the BoS of the department. This ensures that a student's name is on the roll for each course he/she wants to study during that academic year.

Each student has to register for the course work at the beginning of the semester. Course load has to be maintained as given in the Section 5 (Academic Calendar).

- The institution shall take strict action against those found guilty of ragging and/or of abetting ragging.
- A student seeking admission to the hostel shall have to submit additional undertaking in the form of Annexure I along with his/her application for hostel accommodation.
- At the commencement of the academic session the Head of the Institution shall convene and address a meeting of various functionaries/agencies, like Hostel Wardens, representatives of students, parents/guardians, faculty, district administration including police, to discuss the measures to be taken to prevent ragging in the Institution and steps to be taken to identify the offenders and punish them suitably.

The institution shall request the media to give adequate publicity to the law prohibiting ragging and the negative aspects of ragging and the institutions resolve to ban ragging and punish those found guilty without fear or favor.

- The institution shall identify, properly illuminate, and man all vulnerable locations.
- The institution shall tighten security in its premises, especially at the vulnerable places. If necessary, intense policing shall be resorted to at such points at odd hours during the early months of the academic sessions.
- The institution shall also organize joint sensitization programmes of freshers and seniors.

- Freshers shall be encouraged to report incidents of ragging, either as victims, or even as witnesses.
- **Anti-Ragging Committee:** Anti-Ragging Committee shall be headed by the Principal and shall consist of representatives of faculty members, parents, students belonging to the freshers' category as well as seniors and non-teaching staff. It shall monitor the anti-ragging activities in the institution, consider the recommendations of Anti-Ragging Squad and take appropriate decisions, including spelling out suitable punishments to those found guilty.
- **The Anti-Ragging Squad:** The Anti-Ragging Squad shall be nominated by the Head of the institution with such representation as considered necessary and shall consist of members belonging to the various sections of the campus community. The Squad shall have vigil, oversight, and patrolling functions. It shall be kept mobile, alert, and active at all times and shall be empowered to inspect places of potential ragging and make surprise raids on hostels and other hot spots. The Squad shall investigate incidents of ragging and make recommendations to the Anti-Ragging Committee and shall work under the overall guidance of the said Committee.
- Fresher's who do not report the incidents of ragging either as victims or as witnesses shall also be punished suitably.
- The burden of proof of ragging or otherwise shall lie on the perpetrator of ragging and not on the victim.
- The institution shall file an FIR with the police/local authorities whenever a case of ragging is reported but continue with its own enquiry and other measures without waiting for action on the part of the police/local authorities. Remedial action shall be initiated and completed within the one week of the incident itself.
- The Migration/Transfer Certificate issued to the student by the institution shall have an entry, apart from those relating to general conduct and behavior, whether the student has been punished for the offence of committing or abetting ragging, or not, as also whether the student has displayed persistent violent or aggressive behavior or any inclination to harm others.
- Preventing or acting against ragging shall be the collective responsibility of all levels and sections of authorities or functionaries in the institution, including faculty, and not merely that of the specific body/committee constituted for prevention of ragging.
- The institution shall set up appropriate committees including the course-in-charge, student advisor, Warden, and some senior students to actively monitor, promote and regulate healthy interaction between the fresher's and senior students.

Fresher's welcome parties shall be organized in each department by the senior students and the faculty together soon after admissions, preferably within the first two weeks of the beginning of the academic session, for proper introduction to one another and where the talents of the fresher's are brought out properly in the presence of the faculty, thus helping them to shed their inferiority complex, if any, and remove their inhibitions.

Every student and his/her parent must submit an undertaking in the prescribed form (given in annexure II) that the student/ ward will not involve in ragging as per the UGC / AICTE guidelines. If the student is found involved in ragging activities, commensurate with the gravity of offence, the punishment may be reprimand, expulsion from the hostel, debarment from an examination, disallowing the use of certain facilities of the College, rustication for a specified
