## COLLEGE VISION

To be an institution of excellence in education, research and innovation for sustainable future

### MISSION

- Develop globally competent professionals for future talent requirements.
- Nurture a culture of research, Innovation and entrepreneurship.
- Promote collaborations, extension and outreach programs for addressing industrial and societal needs.
- Imbibe moral and ethical values.
- Foster ecological and environmental consciousness.

## DEPARTMENT VISION

Educate and Empower the Students for IT Profession with Techno-Social Values

### MISSION

- To impart quality IT education and encourage the students to showcase the best of their abilities
- Strengthen technical skills and imbibe the moral and ethical values beneficial to the society
- Produce the graduates to accomplish the best professional standards

## HOD MESSAGE

It gives me great pleasure to present the first edition of our newsletter, "The Mastermind Chronicle." This publication highlights the achievements, innovations, and activities of our students and faculty in the field of computer applications.

The Department of MCA continues to foster learning, creativity, and technical excellence, preparing our students to meet industry challenges with confidence.

I congratulate the editorial team for their dedication in bringing this issue to life.

Prof. Sudha K. S.  
HoD, Dept. of MCA  
BEC, Bagalkote

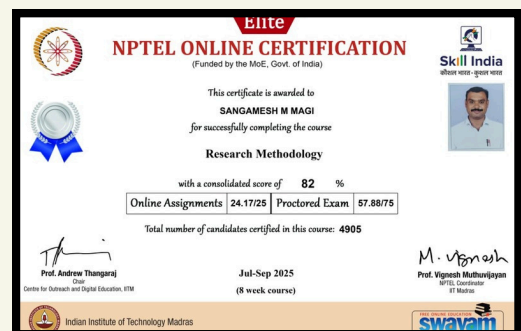

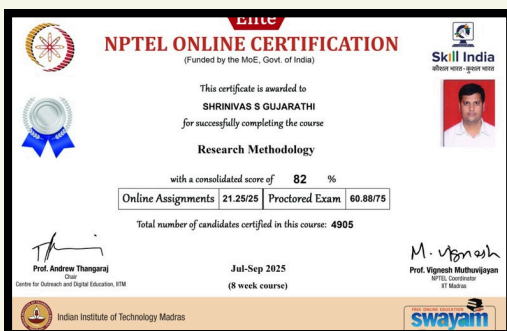

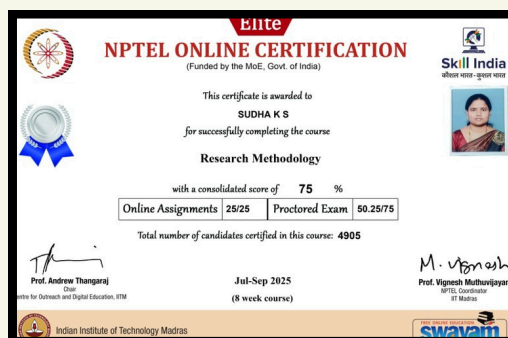

# FACULTY ACHIEVEMENTS

Under the banner of the Internal Quality Assurance Cell (IQAC) Initiative, a technical talk on **"Artificial Intelligence"** was organized at **Basaveshwar Arts College, Bagalkote**. The session was delivered by **Prof. S. M. Magi**, a distinguished academic known for his expertise and insightful perspectives in the field of computer science.

Prof. Magi introduced the audience to the fascinating world of Artificial Intelligence (AI), explaining its evolution, fundamental concepts, and wide-ranging applications in education, healthcare, business, and governance. He highlighted how AI is transforming the way we live and work, emphasizing its role in automating processes, enhancing decision-making, and improving efficiency across sectors. The talk also touched upon current research trends, ethical considerations, and the importance of developing responsible and human-centric AI systems.

The program concluded with a vote of thanks, expressing gratitude to the resource person

Basaveshwar Engineering College, Department of MCA Congratulates the faculty members for successfully completing NPTEL online course on **"Research Methodology"**.

# WEB BASED APPLICATION DEVELOPMENT IDEATHON

## Two-Day Ideathon Workshop on Web-Based Application Development

The Department of Computer Applications (MCA) at Basaveshwar Engineering College, Bagalkote organized a two-day Ideathon Workshop on Web-Based Application Development exclusively for the III Semester MCA students. The workshop aimed to enhance students' creativity, problem-solving ability, and practical understanding of web technologies to support them in their academic projects.

The sessions were skillfully conducted by Mr. Vijayamahantesh Bangargund, Founder of Infokshetra, Bagalkote, a seasoned technologist and entrepreneur known for his expertise in innovative web solutions. During the workshop, Mr. Bangargund guided the participants through the stages of ideation, planning, design, and development of web-based applications. He emphasized the importance of user-centric design, scalability, and real-world problem analysis in project development.

The workshop concluded with positive feedback from students, who appreciated the opportunity to learn directly from an industry expert. Events like this reaffirm the department's commitment to bridging the gap between academic learning and industry expectations, fostering a culture of innovation and applied learning among MCA students.

## ALUMINI INTERACTION

## **Career Guidance Session by Mr. Veeresh Biradar, Lead Consultant, Infosys Pvt. Ltd., Bangalore**

The Department of Master of Computer Applications (MCA), Basaveshwar Engineering College, Bagalkote, organized an insightful career guidance session for 3rd semester MCA students on the topic "How to Build a Career in the IT Industry and How to Get Recruited." The session was delivered by Mr. Veeresh Biradar, Lead Consultant, Infosys Private Limited, Bangalore, and a proud alumnus of the Department of MCA, BEC Bagalkote.

Mr. Biradar shared his professional journey, offering valuable guidance to aspiring technologists on how to plan, prepare, and progress in the competitive IT industry. Drawing from his rich experience at Infosys, he explained the essential skills, mindset, and industry expectations required to succeed in software development and consulting roles. He emphasized the importance of strong technical foundations, continuous learning, effective communication, and problem-solving abilities in securing and sustaining a career in IT.

# STUDENTS ACHIEVEMENTS

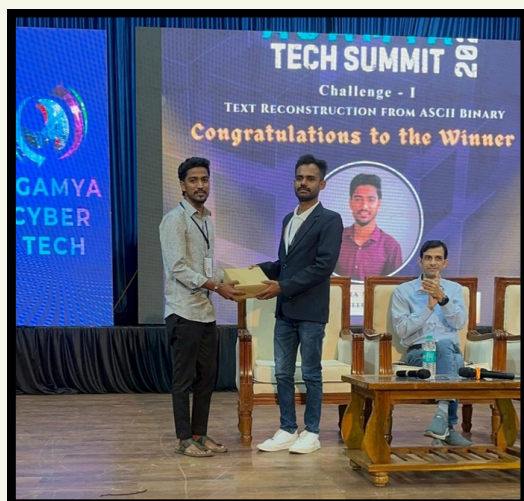

## 🏆 MCA Student Wins at Agamy Tech Summit 2025

Mr. Raghvendra Maddennavar, a student of the **Department of MCA, Basaveshwar Engineering College, Bagalkote**, brought laurels to the institution by securing first place in the event **“Text Reconstruction from ASCII Binary”** at the Agamy Tech Summit 2025, organized by SDMCET, Dharwad.

The competition tested participants' logical thinking, programming efficiency, and understanding of data encoding concepts. Raghvendra's innovative approach and problem-solving skills helped him outperform several contestants from reputed institutions.

The Department congratulates him on this remarkable achievement and wishes him continued success in future technical endeavors.

## 🎯 MCA Student Secures Placement at Infosys India Pvt. Ltd.

The Department of Computer Applications (MCA), Basaveshwar Engineering College, Bagalkote, proudly congratulates Ms. Ramya Jannu for being successfully placed at Infosys India Pvt. Ltd. during the on-campus recruitment drive.

Ms. Ramya, a final-year MCA student, demonstrated outstanding technical knowledge, logical reasoning, and communication skills throughout the multi-stage selection process conducted by Infosys. The recruitment procedure comprised an online aptitude test, technical interview, and HR interaction, where she showcased her strong problem-solving abilities and understanding of modern software development concepts.

The Department of MCA takes pride in her success and wishes her the very best in her professional journey with Infosys.
