

Basaveshwar Engineering College, Bagalkote

Notice

It's our responsibility to keep the campus clean and environment eco-friendly; therefore the following are strictly prohibited:

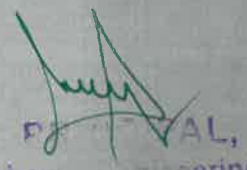

- Chewing of pan, tobacco and smoking
- Loud noise making, honking and speeding of vehicles
- Pasting of posters & banners in classrooms/departments walls etc.
- Writing on classroom desks/tables
- Throwing wrappers/papers on campus
- The banners and posters to be placed in specified locations only, mentioned by college authorities
- Violation of the mentioned norms will attract a penalty of Rs. 1,000/- or the disciplinary action on persons found guilty.

It's our campus let us all together maintain it clean and tidy

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

A Report On

"April Cool Day - 2022"

A plantation activity was organized by the Department of Information Science & Engineering on 01/04/2022. The theme of the activity was, instead of making "April Fool" on 1st April, plant some trees and make "April Cool". In this regard 7 trees were planted in front of department, 1 Neem tree, 2 Purple trees and 4 Mahogany trees.. Head of the Department Dr. Shobha R. Patil ,teaching staff, non teaching staff and student volunteers were part of this activity. NSS assistant programme officer Prof. P. K. Deshpande coordinated the activity.

Expected Outcomes

- Create awareness about plantation in society and community.
- Contribute little bit to reduce global warming.

Greenery in the Campus

- Total green area per capita of the campus is about 27 Sq.mtr.
- The estimated percentage of total green area occupied by each of the following:
 - LAWN (GRASS) 80,700 SQ MTRS
 - TREE COVER (WOODED AREA) 1,27,000 SQ MTRS
 - SHRUBS AND HEDGES 5000 SQ MTRS
 - POTTED PLANTS 1,000 SQ MTRS

National Pollution Control Day

The gas leak at the Union Carbide India Limited, a pesticide factory, in Madhya Pradesh resulted in the death of over 15,000 to 20,000 individuals. More than 5 lakh inhabitants were exposed to the deadly emissions of methyl isocyanate gas and had to live with the consequences of the poisonous gas. Since then, December 2 has been designated as National Pollution Control Day. This year, India observing the 37th anniversary of this tragedy.

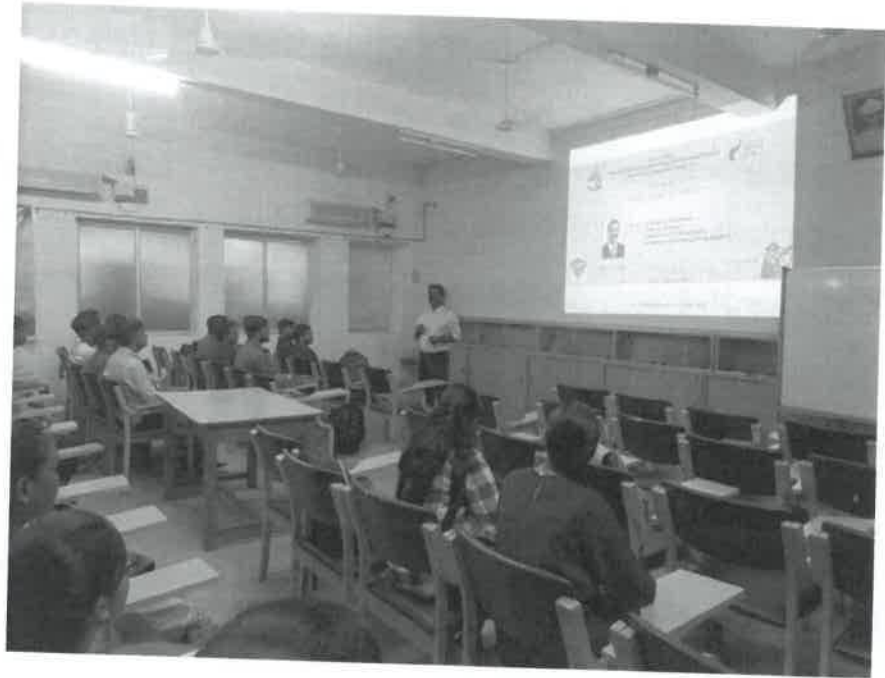

Basaveshwar Engineering has organized a seminar in this occasion by the coordinator Dr. B. R. Hiremath.

Some of the photographs are shown below:

In association with

Institution Innovative Council (IIC)

Celebrated

World Environmental Day (5th June 2022)

In 1972, the UN General Assembly designated 5 June as **World Environment Day (WED)**. The first celebration, under the slogan “**Only One Earth**” took place in 1974. In the following years, WED has developed as a platform to raise awareness on the problems facing our environment such as air pollution, plastic pollution, illegal wildlife trade, sustainable consumption, sea-level increase, and food security, among others. Furthermore, WED helps drive change in consumption patterns and in national and international environmental policy.

In this regard BEC in association with **Institution Innovative Council (IIC)** conducted Poster Presentation (Celebrated on 03.06.2022) and Quiz competitions (Celebrated on 04.06.2022) in the College. Fifty students were attended for Poster Presentation and 142 students were present for Quiz. Principal, Dr. S. S. Injaganeri has inaugurated the function and suggested the students to maintain the College Campus clean and tidy and involve in the Environment Protection activities. **Dr. B. R. Hiremath**, (Associate Professor, Civil Engineering Department) co-coordinator, gave the awareness about the importance of the World Environmental Day and focused on the **Theme of World Environmental Day - 2022** i.e., “**Only One Earth**”. The function was concluded with Vote of thanks by **Dr. A. D. Devanagavi**, (HOD, AIML).

Report:

The programme was organized through the *Basaveshwar Engineering College (Autonomous), Bagalkot* in association with *BEC-Institution Innovative Council* and *Karnataka State Pollution Control Board (KSPCB), Bagalkot*.

The programme was welcomed by **Dr. P. G. Rakaraddi**, (HOD, Civil Engineering Department). Chief guest was introduced by **Dr. A. D. Devanagavi**, (HOD, AIML).

Programme was briefed by coordinator **Dr. B. R. Hiremath**, (Associate Professor, Civil Engineering Department) and he spread light on the history and importance of the day - Every year, April 22 is celebrated as International Mother Earth Day. The day is observed to create awareness about the rampant increase in pollution and other activities which directly or indirectly harm the environment and result in the destruction of the planet. The idea about the day came into existence after several challenges like pollution, and smog became major reasons for environmental damage. In the 1970s, EarthDaywas founded by Senator Gaylord Nelson to promote ecology and raise awareness of the concerns surrounding the earth.

The World Earth Day-2022 was **symbolically inaugurated** by all the **dignitaries** by watering the plants.

The keynote speech was given by chief guest **Shri. Rajashekhar Puranik**, (Environmental Officer, KSPCB, Bagalkot) by enlightening the gathering with his presentation regarding the importance of world earth day and the necessity of protecting the earth. In his speech he elaborated the day's history as - Senator Gaylord Nelson was concerned about the deteriorating conditions of the planet so he decided to combine the student anti-war protest energy with an emerging public consciousness regarding air and water pollution. Senator Gaylord Nelson thought about coining Earth Day after he, just like the rest of the world, saw the horror of a massive oil spill in Santa Barbara, California. He also focused on the **Theme of World Earth Day -2022** i.e., **"Invest on Our Planet"**.

In the presidential remarks, **Dr. S. S. Injaganeri** (Principal, Basaveshwar Engineering College, Bagalkot), focused on accelerating solutions to combat our greatest threat, climate change, and to activate everyone – governments, citizens, and businesses – to do their part. Everyone accounted for, and everyone accountable.

A Report On Tree Plantation Drive

Continuing with its tradition of preserving the environment and having eco-friendly activities, the "Tree Plantation Event" was conducted at Gaddanakeri Saalumarada Timmakka Vruksha Udyana on 23rd October 2021, 14th November 2021, 5th June 2022, 17th July 2022, 21st August 2022. Assistant Conservator of forests Bagalkot, Chandrashekhar Patil Sir shared an outlook towards nature that must be changed from Utility to Divinity. He also added, "We should not only save the trees but should put our equal efforts in planting as well nurturing the trees till its growth". More than 90 Participants have planted more than 100 saplings in the forest and nurtured them. At the plantation of saplings, all have recited a pledge to maintain the divinity between the human and nature
