Department: Electronics and Communication Engineering

M.Tech in Digital Communication Engineering

Alumni Name: **Supriya Sarvade**

Testimonial:

I completed my Bachelors (2012-15) and Masters (2015-17) from BEC, Electronics and Communication dept. These 5 years of journey in this organization has put a solid foundation, which enabled me climb up my career ladder in esteemed organizations beginning from Broadcom Communications Technologies, followed by Qualcomm and currently in Infineon Technologies. Staff is pretty friendly and approachable for any of smaller to complex clarifications. All the staff members have specialization in their own fields. So, this is a good organization for bachelor's and as well as research. During my graduation I gained a substantial interest in the field of Signal Processing and have built by career in the same field. I am thankful to the whole staff for creating interest and laying such a solid foundation which shaped my career.
