Department: M.Tech.in Machine Design

Alumni Name: Prakash Shekannavar

"My favorite element of my College, Basaveshwar Engineering College is my friends and its faculty members and learning resources. Being knowledgeable, inspiring, and approachable, my instructors provide students with much guidance and mind-opening perspectives. Their dedication to education helps us develop academic interests and grow intellectually. In addition, a variety of learning resources, such as the Library and the CAD lab, are also widely available and accessible to students. These resources are successful in assisting us in overcoming academic challenges. As a student graduating with the highest honor, I feel proud and well-prepared because BEC has given me the essential tools for more academic excellence for the future.

Nothing can be as satisfying as writing a testimony for your own alma mater. Faculty of Machine Design at Basaveshwar Engineering College is one of the best and is known for its excellence. It has the best facilities under one roof - state of infrastructure, erudite faculty, professional teachers, well stocked libraries, good computer labs, sports area, and hostels with all amenities. I am proud to be an alumnus

Journey of post graduation in machine design at Basaveshwar Engineering College, Bagalkot was a great memory and experience, which I cant forget ever. Academic wise got a lot of support and knowledge from teaching and non teaching staff. Nice infrastructure consisting good computer lab to do our analysis of projects still I remember. Well facilitated libraries helped us to do study in a peace at libraries, which have a really good collection of books. Career/future with a mechanical background took a proper shape in this college.

BEC Bagalkot is one of the very few institutions which offer's quality education, packaged with the right mix of experienced faculty, inculcating the need for overall personality development, and providing the required exposure among the aspiring young minds, thereby molding them to face the challenges of the outside world. BEC Bagalkot has definitely helped me explore my potential and had given me a platform to exhibit the same and had been instrumental in my successful career.”
